The Hermitage Gantois welcomes you in the heart of Lille, between the town centre and the city hall. Very well located, the hotel is only 5 minutes drive for Lille 2 trains stations and 15 minutes drive from the local airport in Lesquin.

The hotel is established in a historical monument from the 15th century and is an exceptional mix between ancient architecture and modern design. The Hermitage Gantois offers you a special place to relax surrounded by history and modernity. It is the most prestigious address in the north of France and is accessible in less than an hour and a half from Bruges, Bruxelles, Paris or London.

Our 72 rooms including 3 suites, 5 prestige and 9 privilege rooms will welcome you and your team in an exceptional setting. All our rooms are different in size and interior: different colors of paint, curtains and linen, bedspreads taffeta silk panels of oak Louis XV style. The bathrooms, most with natural light are in Carrara marble. Flat screen TVs and WiFi in all rooms.

Maybe you would like to choose a room in the ancient part of the hotel which was previously the nun's quarters. History preserved in this part, the rooms are treated with great purity in order to respect the serenity of the place. In the bathrooms of the sisters' community, the tiles are traditional earthenware black glazed.

You can also book sauna and massages by appointment.
